Discover & Develop Your God-Given Gifts Study Guide

Whether studied individually or in a group setting, the biblically-based **Discover & Develop Your God-Given Gifts Study Guide** will provide important revelation and practical application relative to successful use of your God-Given gifts in the **family, church, community, ministry, and workplace.**

The 60-page **Study Guide** is a powerful complement to the numerous books, assessments, workbooks, audio/visual tools, and seminars created by Don and Katie Fortune. The teaching, testing, and practical applications are a result of their research and experience in the motivational gifts for more than twenty-eight years to over one hundred thousand people in the United States and thirty-seven nations of the world. The material is in many languages and has proven effective in every culture. The tests are highly indicative, and we trust that they will be so for you!

About the Study Guide

In a condensed, self-paced format, the **Study Guide** brings together in one tool the key teachings from the three separate units that are presented in our comprehensive, teacher-led seminars: Seminar Workbook (including Self-Assessment), Ministry Discovery, and Occupational Success Probabilities.

For group settings the materials can be covered in an abbreviated program (such as a half-day or full-day seminar) or can be shared over a period of weeks during regularly scheduled meetings. There is an accompanying Study Guide PowerPoint Presentation, available for teachers and facilitators.

The **Study Guide** is an effective companion piece to Don and Katie Fortune's seminars, programs, and materials based on their books: **Discover Your God-Given Gifts (available in English and Spanish), Discover Your Spouse's Gifts, and Discover Your Children's Gifts.**
